

## Connect to PCIC's Yammer group (External)

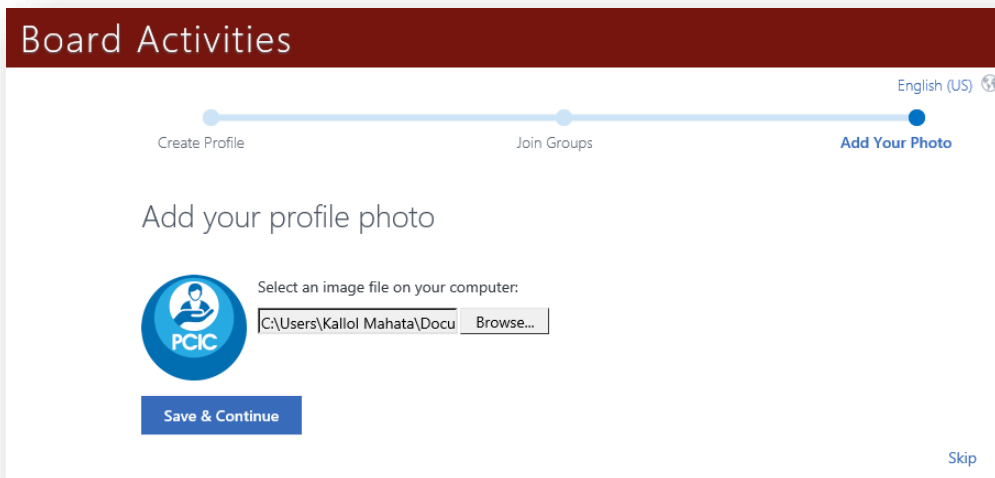

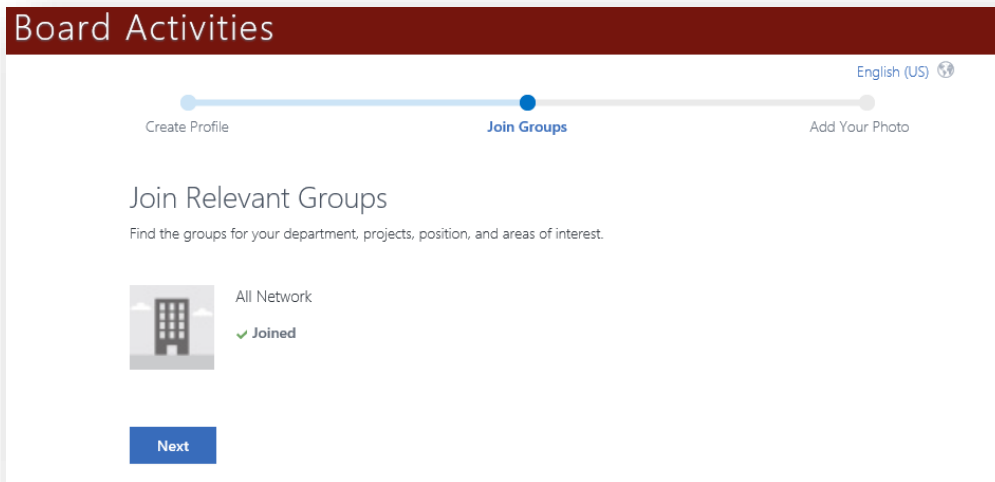

Here are the directions to connect to PCIC's external group:

1. You will receive an email inviting you to join a PCIC external group (see example below). Please make sure to check your junk mail folder if you do not find it in your inbox. Click on the accept invitation button to bring up a registration page.

2. Fill in the registration form and follow the steps to register your account on PCIC's Yammer portal.

A screenshot of the Yammer registration page for the "Board Activities" network. The page has a dark red header with the text "Board Activities". Below the header is a progress bar with three steps: "Create Profile" (active), "Join Groups", and "Add Your Photo". The main content area says "Welcome to the Board Activities network!". On the left, there is a registration form with fields for "First Name\*", "Last Name\*", "Password", and "Job Title". The email address "kallolmahata@gmail.com" is pre-filled. Below the password field, it says "Passwords must contain at least 8 characters." At the bottom of the form is a blue "Next" button. On the right, there is a notification from "Kallol Mahata" inviting the user to join the network. Below the notification, it says "4 of your coworkers - including - are currently using Yammer to share status updates, ideas, news, questions, and answers. Each of your coworkers has a profile, and you can see what they're working on." There is a small profile picture of a man next to this text. At the bottom of the page, there is a small disclaimer: "By clicking Next, you are indicating that you have read and agree to the Terms of Use".

3. Once your registration is complete you should be able to access the external network group.
